FIG. 15

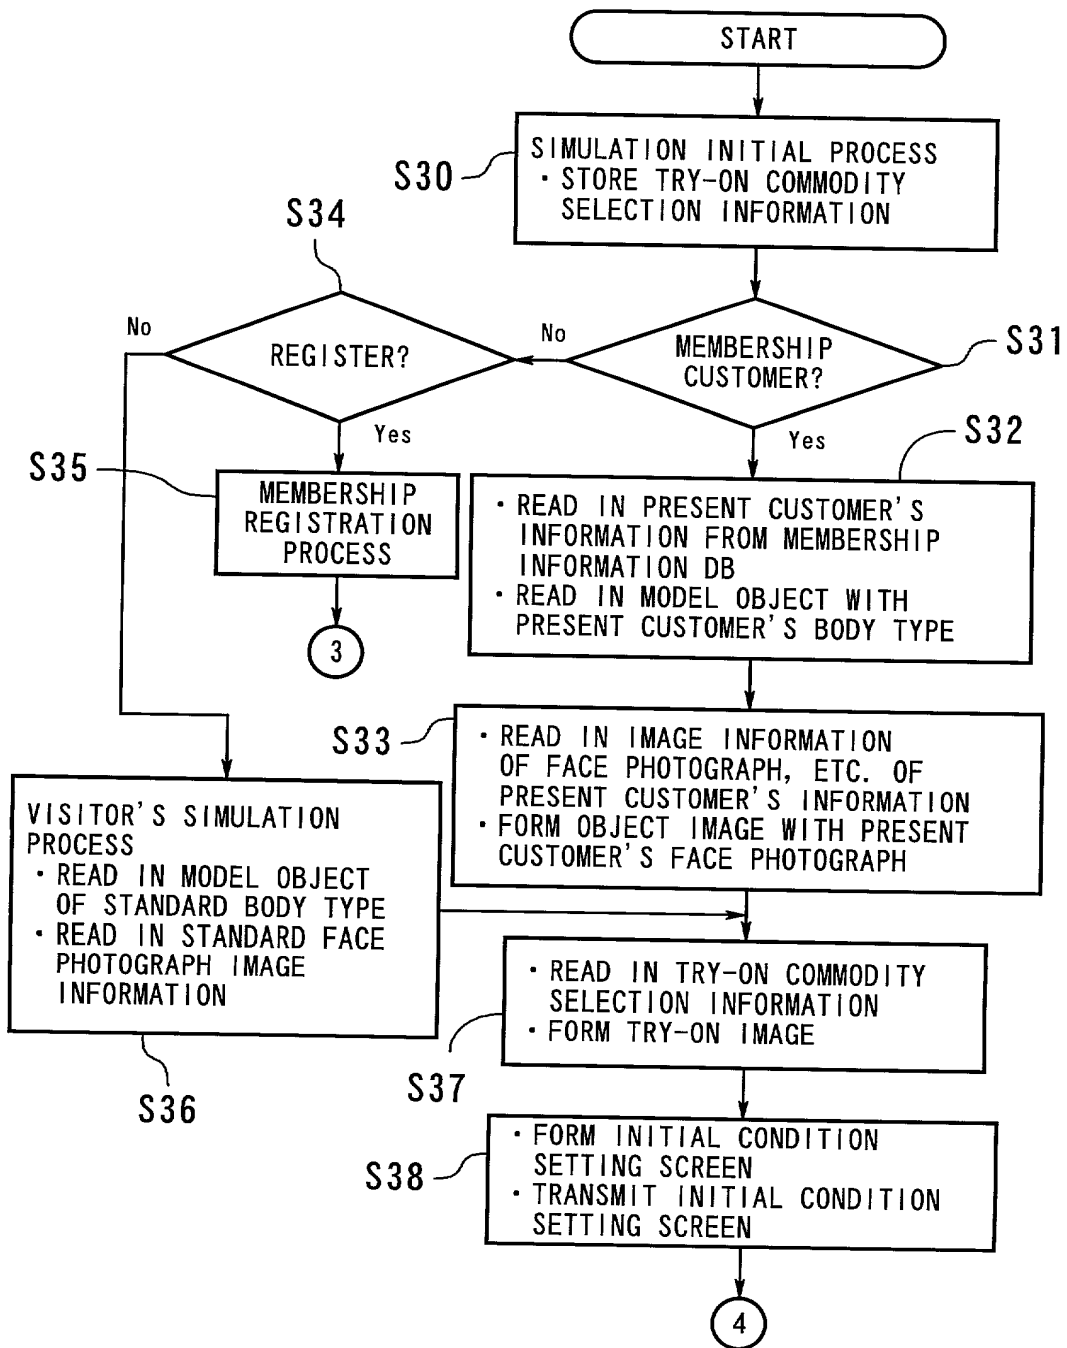

FIG. 16

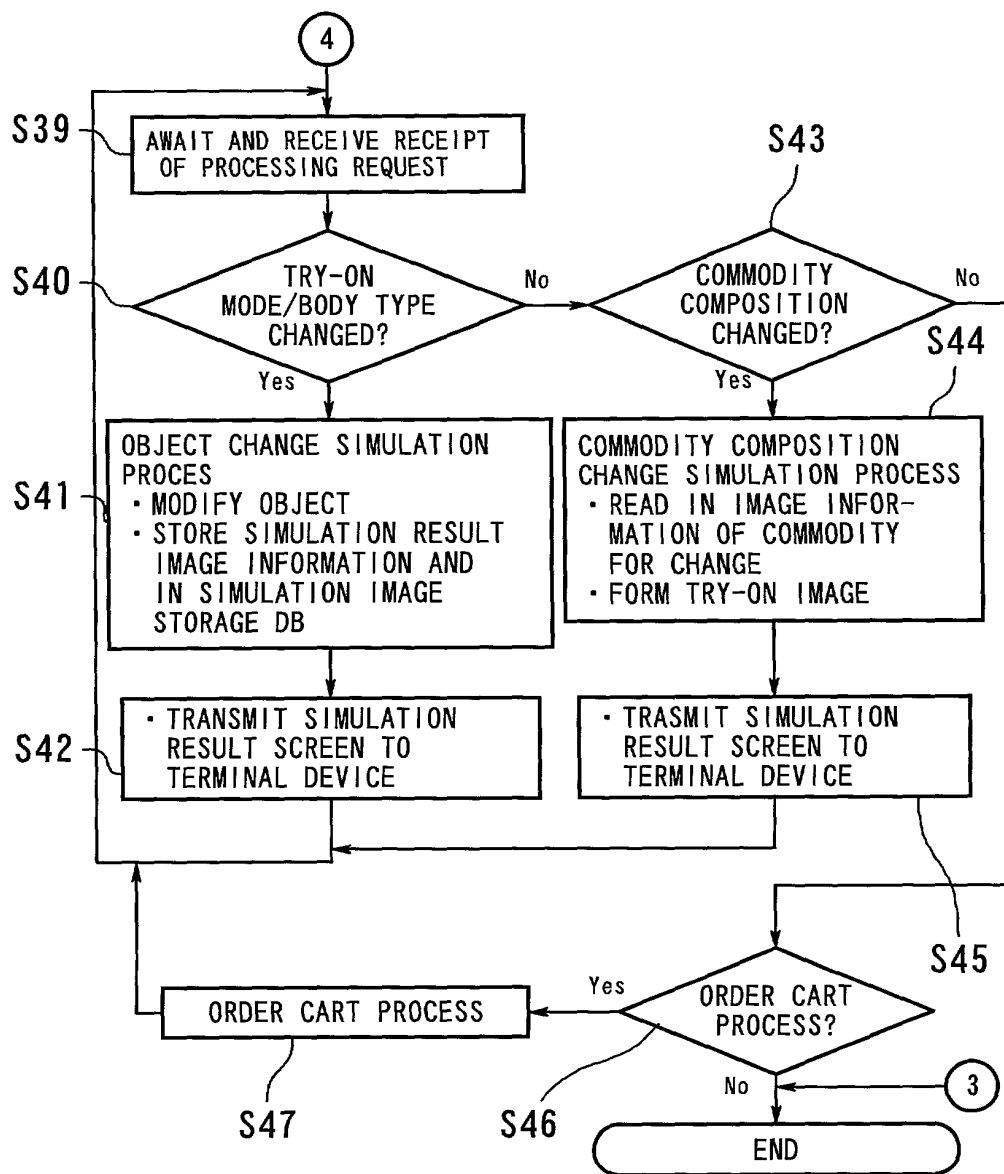

FIG. 17

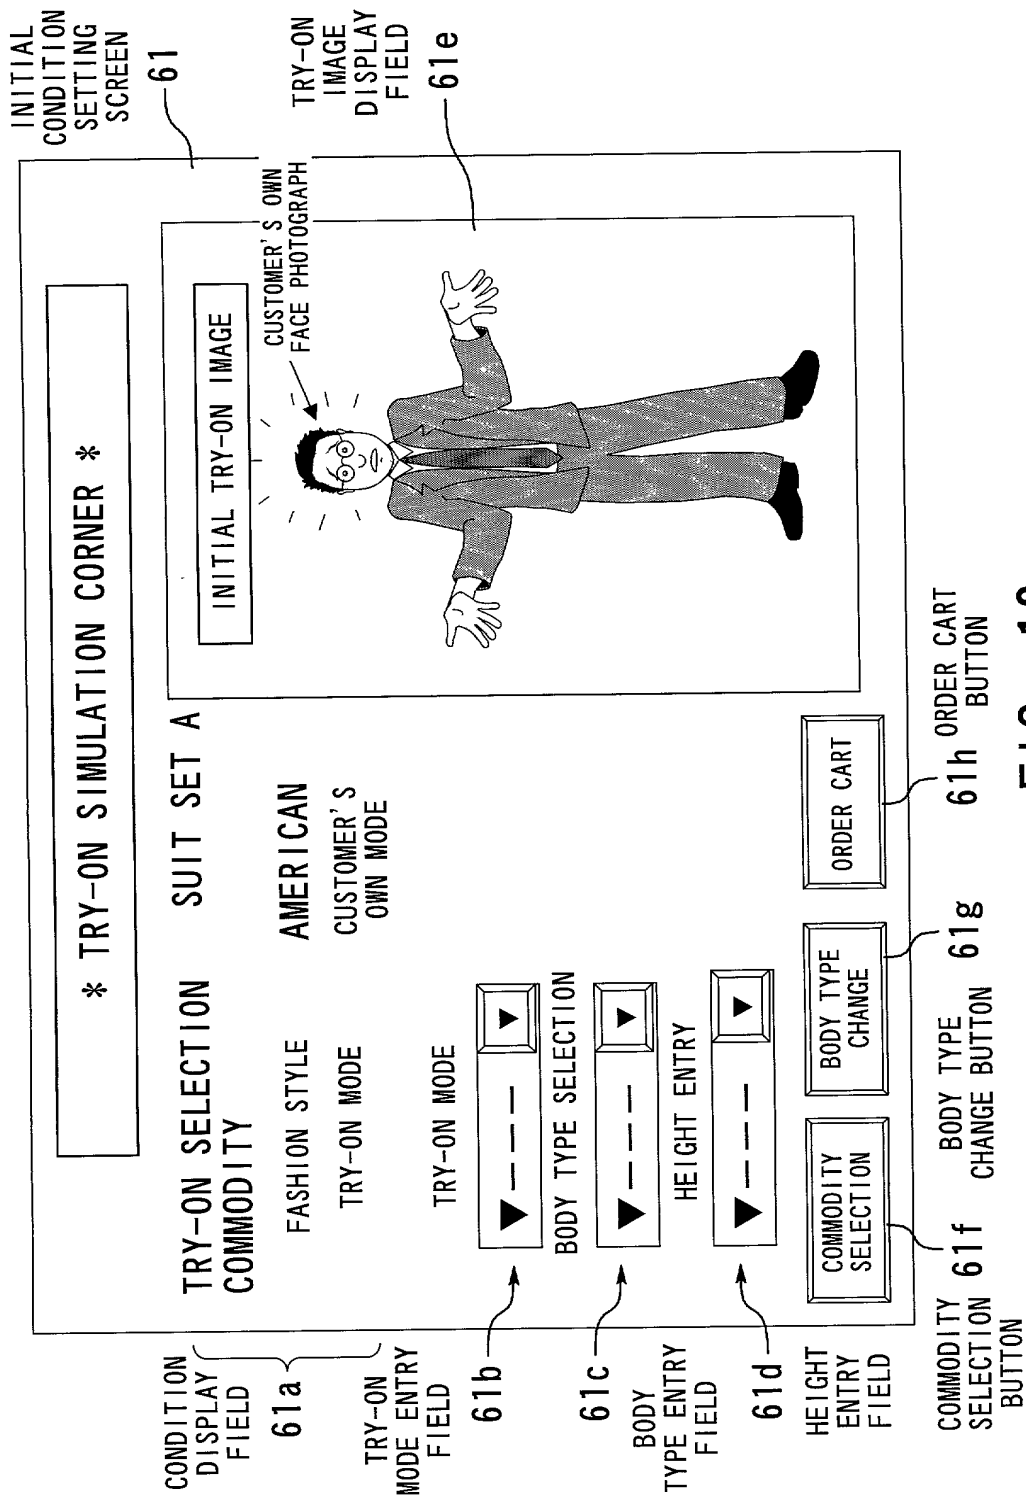

FIG. 18

FIG. 19 is a block diagram of a try-on simulation system. The system includes a try-on selection commodity, a fashion style, a try-on mode, a body type selection, a height entry, and a try-on execution button. The system also includes a try-on image (before change) and a customer's own face photograph. The system is designed to allow a user to select a try-on commodity, choose a fashion style, and enter a body type and height. The system then displays a try-on image (before change) and a customer's own face photograph. The system is designed to allow a user to select a try-on commodity, choose a fashion style, and enter a body type and height. The system then displays a try-on image (before change) and a customer's own face photograph.

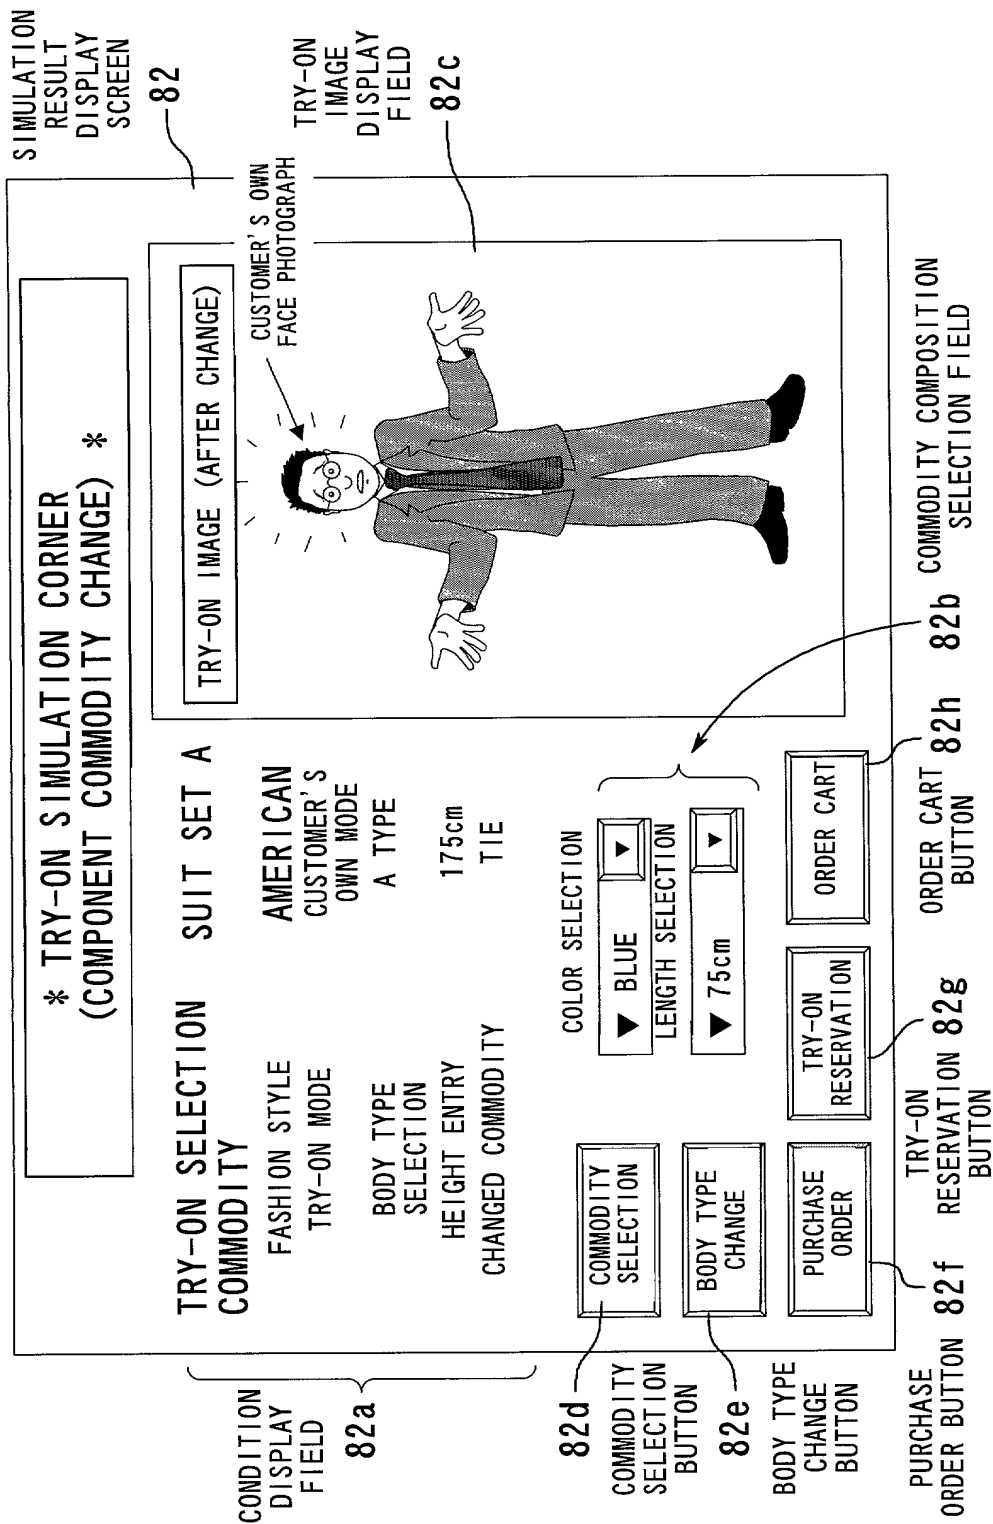

FIG. 22

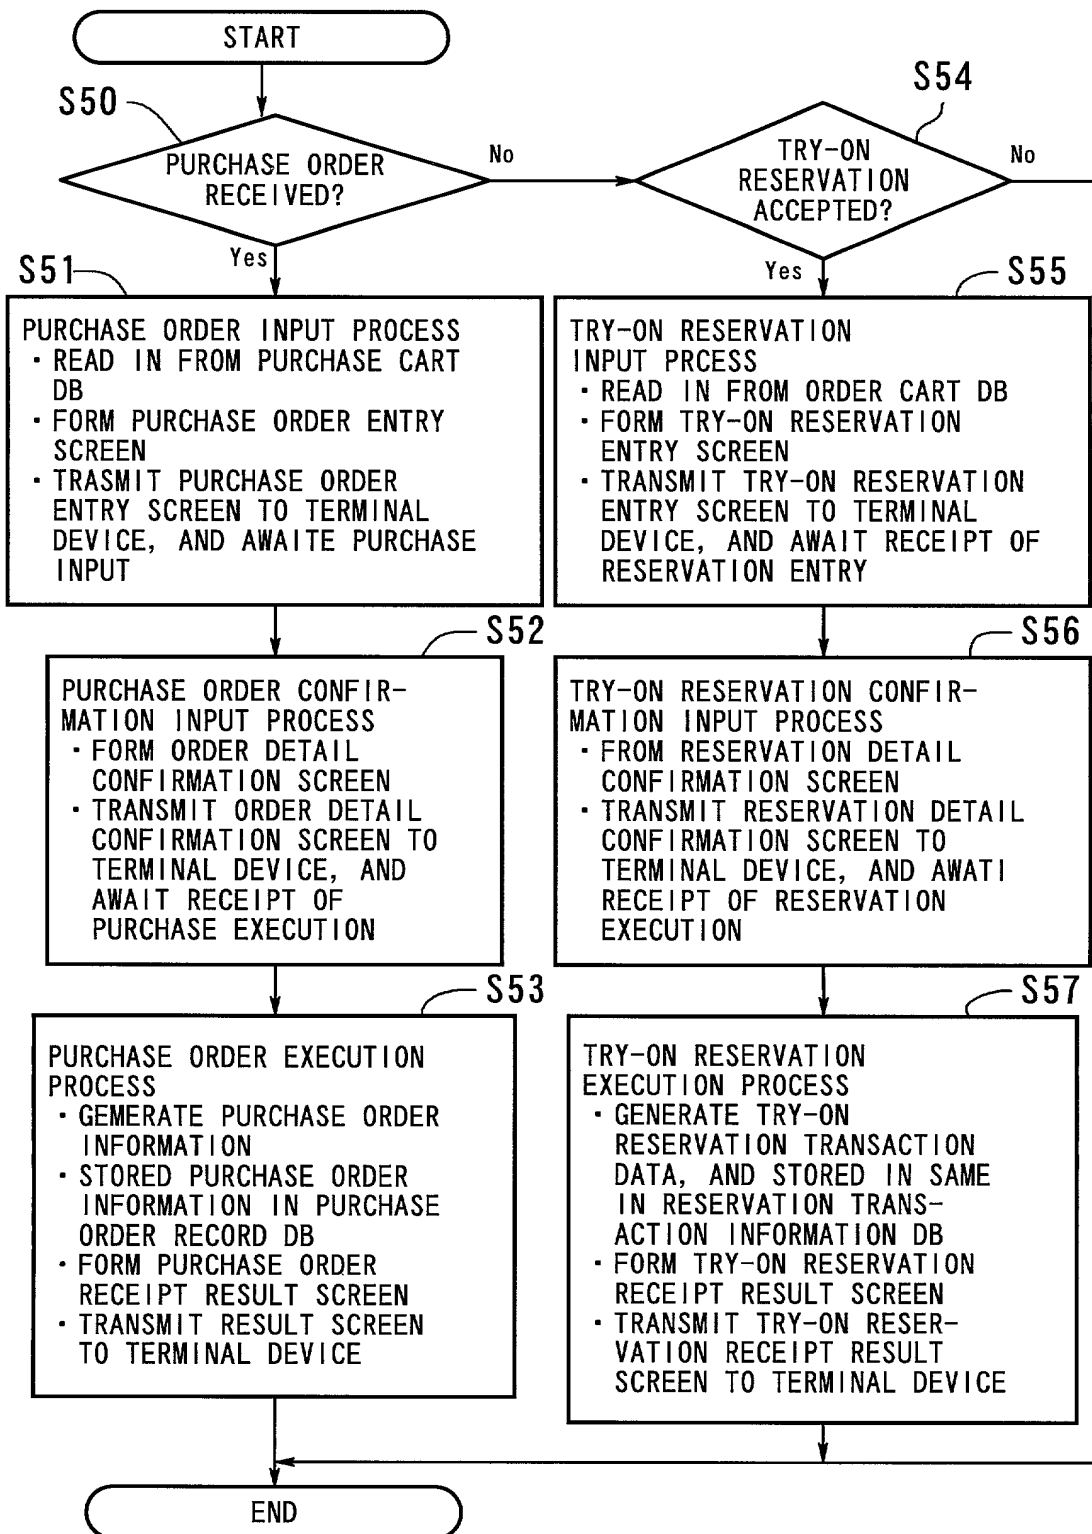

FIG. 23

FIG. 24 is a schematic diagram of a purchase order screen 90. The screen displays a title bar 90a, a list of items in the cart, and various control buttons. The list includes columns for commodity name, price, and fashion style. Two items are listed: 'SUIT SET A' with a price of '99999' and 'AMERICAN' fashion style. Below the list, there are radio buttons for selection, a 'TRY-ON IMAGE' button, and a 'DELETION' button. At the bottom, there are buttons for 'PURCHASE ENTRY', 'CANCEL', and 'PURCHASE INPUT BUTTON'. The screen is labeled 'PURCHASE ORDER CORNER *'.

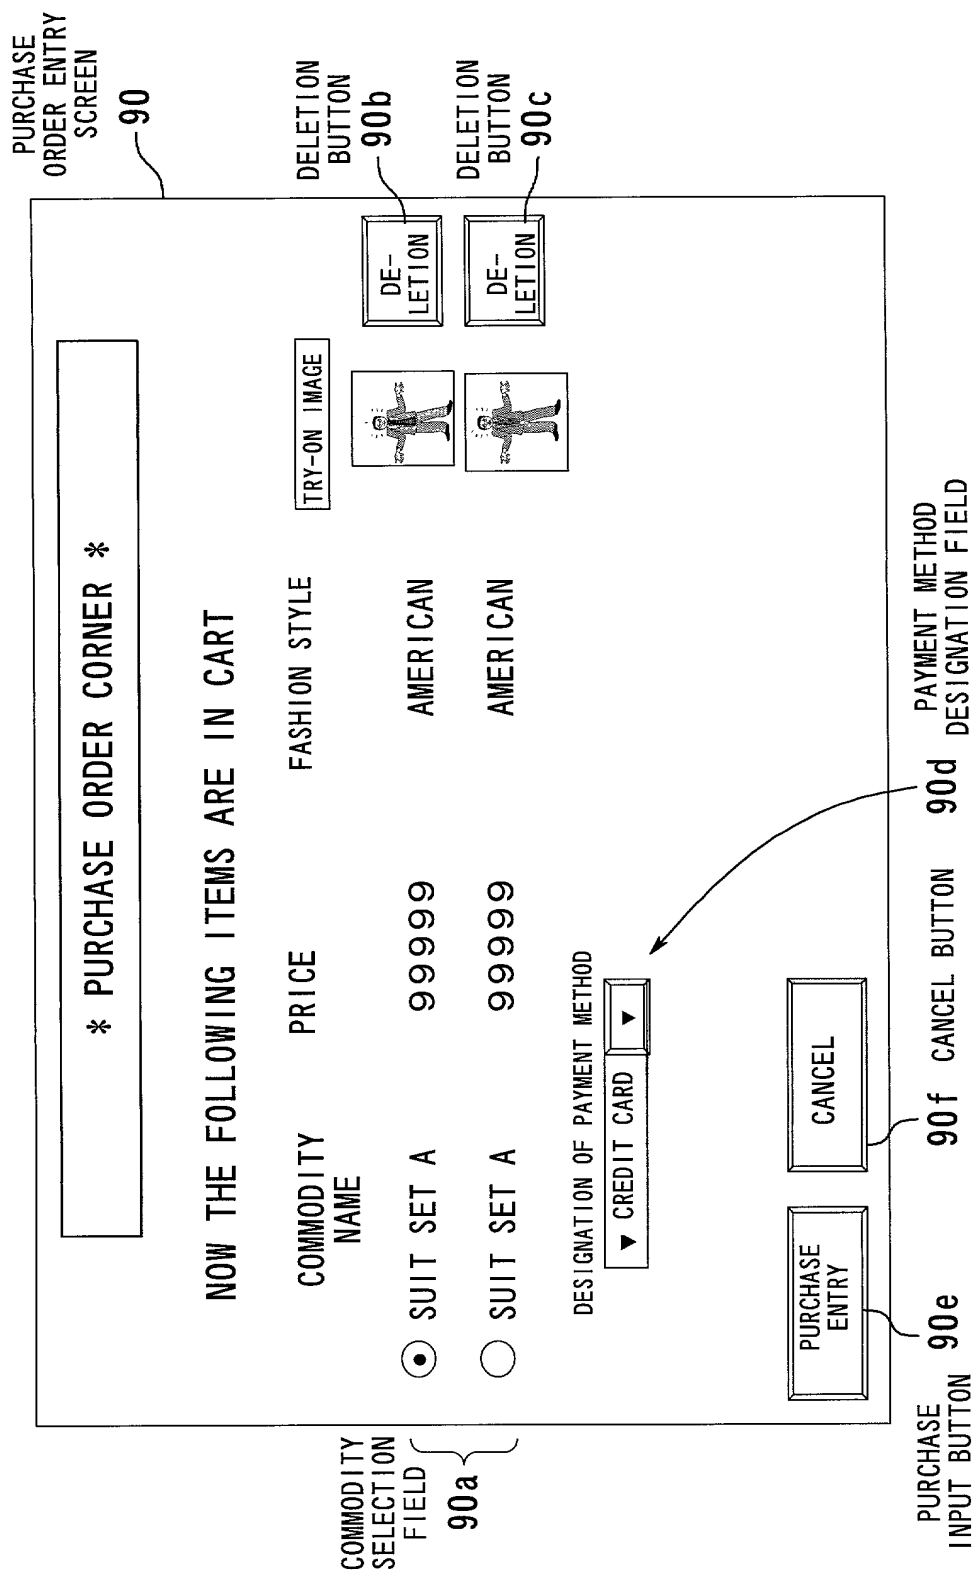

FIG. 24

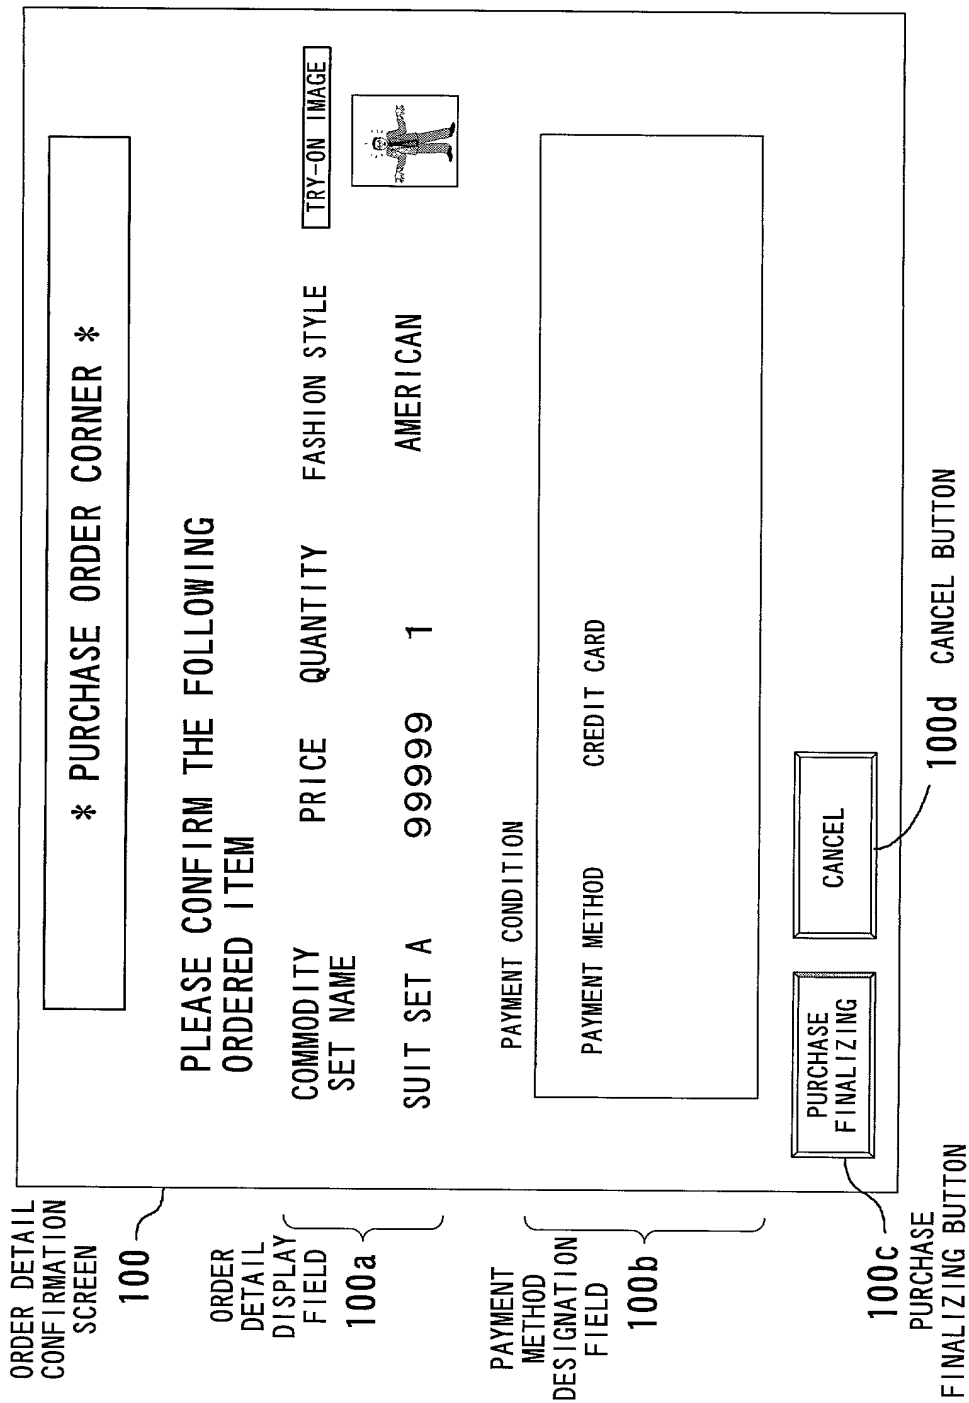

FIG. 25

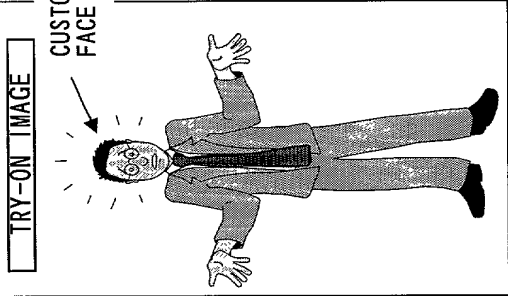

FIG. 26 is a schematic diagram of a purchase order receipt screen 110. The screen 110 is divided into two main sections. The upper section 110a is a purchase order detail display field, and the lower section 110b is a try-on image display field. The upper section 110a contains a list of purchase order details, including customer name, customer number, transaction receipt code, purchased commodity, fashion style, purchase price, quantity, and date of delivery. The lower section 110b contains a try-on image of a customer, with a label 'TRY-ON IMAGE' and a label 'CUSTOMER'S OWN FACE PHOTOGRAPH' pointing to the image. The entire screen is labeled 'PURCHASE ORDER RECEIPT RESULT *'.
